NTT Electronics Notice Update:

Our status of production facility at Ibaraki factory after Tohoku Pacific Ocean Coast Earthquake

Again, we sincerely send our expression of sympathy for all tragic suffers due to cruel Tohoku Pacific Ocean Coast Earthquake and subsequent Tsunami, and do pray for quick recoveries from such tremendous damages as soon as possible.

We NTT Electronics Corporation (NEL : Yokohama, Japan. Dr. Hiroshi Yoshimura, CEO & President) would like to inform you of the status of NEL production facility "Ibaraki Factory" due to the influence of the earthquake as follows.

* The state of affairs at NEL Ibaraki Factory (Naka, Ibaraki Prefecture))

The utilities (waterworks, sewer, electricity power supply) have been almost recovered. Since March 22nd, enabling equipments have been back to usual operation in sequence. According to this recovery activity, some portions of the shipments, deliveries, and productions were recommenced.

Continuously, we keep on coping for complete recovery of our usual operation according to full recovery of the utilities.
